

# BRUCE HENDERSON

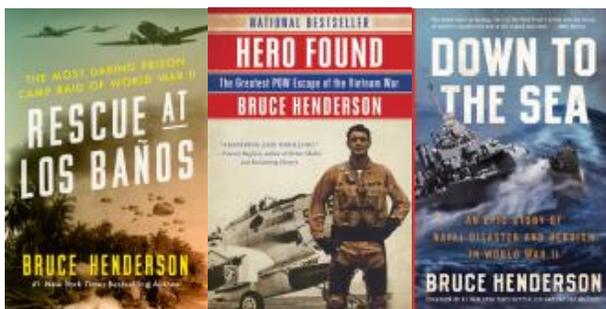

**#1 NEW YORK TIMES BESTSELLING AUTHOR**

Bruce Henderson, author of more than twenty nonfiction books, is an inspiring public speaker with a platform: He tells real stories about real people. His bestselling narrative nonfiction titles are often about courage and survival against impossible odds. In his newest book, *Sons and Soldiers: The Untold Story of the Jews Who Escaped the Nazis and Returned with the U.S. Army to Fight Hitler* (Morrow), Bruce tells the little-known saga of the young German-Jewish sons whose families sent them to safety in America and who later returned at enormous personal risk as highly-trained members of elite Army units to play a key role in the Allied victory. He is also the author of *Rescue at Los Baños: The Most Daring Prison Camp Raid of World War II* (Morrow), *Hero Found: The Greatest POW Escape of the Vietnam War* (Harper), *Down the Sea* (Harper Perennial), *True North: Peary, Cook and the Race to the Pole*, and *Fatal North: Murder and Survival on the First U.S. Expedition to the North Pole*.

*"Sons and Soldiers tells the remarkable story of how 2,000 German-born Jews were able to get the crucial intelligence that saved American lives and helped win World War II. ... The message of their courage and patriotism should not be lost in today's war on terrorism."*

"Bruce was the high point of our event, offering provocative personal insights from his journey as an award-winning author. His desire to convey real stories about real people was artfully described with sophistication, wit, and intelligence. Our guests were quite engaged in his presentation, as he laced anecdotes of his creative process with his passion as a nonfiction writer. I am delighted to recommend him as an inspiring presenter."
